# Energy performance certificate (EPC) GOV.UK

## **Energy rating and score**

This property's energy rating is C. It has the potential to be C.

See how to improve this property's energy efficiency.

The graph shows this property's current and potential energy rating.

Properties get a rating from A (best) to G (worst) and a score. The better the rating and score, the lower your energy bills are likely to be.

For properties in Northern Ireland:

- the average energy rating is D
- the average energy score is 60

## Breakdown of property's energy performance

#### Features in this property

Features get a rating from very good to very poor, based on how energy efficient they are. Ratings are not based on how well features work or their condition.

Assumed ratings are based on the property's age and type. They are used for features the assessor could not inspect.

	Roof	Pitched, 100 mm loft insulation	Average
6/1	9/24_10:21 AM Window	Energy performance certificate (EPC) – Find an energy certificate – GOV.UK Fully double glazed	Average
	Main heating	Boiler and radiators, mains gas	Good
	Main heating control	Programmer, TRVs and bypass	Average
	Hot water	From main system	Good
	Lighting	Low energy lighting in all fixed outlets	Very good
	Floor	Solid, insulated (assumed)	N/A
	Secondary heating	None	N/A

#### Primary energy use

The primary energy use for this property per year is 193 kilowatt hours per square metre (kWh/m2).

About primary energy use

## How this affects your energy bills

An average household would need to spend £661 per year on heating, hot water and lighting in this property. These costs usually make up the majority of your energy bills.

You could save £103 per year if you complete the suggested steps for improving this property's energy rating.

This is **based on average costs in 2021** when this EPC was created. People living at the property may use different amounts of energy for heating, hot water and lighting.

## Impact on the environment

This property's environmental impact rating is C. It has the potential to be C.

Properties get a rating from A (best) to G (worst) on how much carbon dioxide (CO2) they produce each year.

#### **Carbon emissions**

An average household produces	6 tonnes of CO2
This property produces	2.9 tonnes of CO2
This property's potential production	2.4 tonnes of CO2

You could improve this property's CO2 emissions by making the suggested changes. This will help to protect the environment.

These ratings are based on assumptions about average occupancy and energy use. People living at the property may use different amounts of energy.

### Step 1: Increase loft insulation to 270 mm

Typical installation cost	£100 - £350
Typical yearly saving	£25
Potential rating after completing step 1	73 C

### **Step 2: Heating controls (room thermostat)**

Typical installation cost	£350 - £450
Typical yearly saving	£27
Potential rating after completing steps 1 and 2	74 C

## Step 3: Replace boiler with new condensing boiler

Typical installation cost	£2,200 - £3,000
Typical yearly saving	£50
Potential rating after completing steps 1 to 3	76 C

### Step 4: Solar water heating

Typical installation cost	£4,000 - £6,000
Typical yearly saving	£28
Potential rating after completing steps 1 to 4	77 C

## Step 5: Solar photovoltaic panels, 2.5 kWp

Typical installation cost	£3,500 - £5,500
Typical yearly saving	£334
Potential rating after completing steps 1 to 5	88 B

### Help paying for energy improvements

You might be able to get a grant from the Boiler Upgrade Scheme (https://www.gov.uk/apply-boiler-upgrade-scheme). This will help you buy a more efficient, low carbon heating system for this property.

#### Contacting the assessor

6/19/26u 1-0 can about your property's energy assessment of the last light of the la

Assessor's name	Christopher Smyth
Telephone	07870437496
Email	info@belfast-epc.com

### Contacting the accreditation scheme

If you're still unhappy after contacting the assessor, you should contact the assessor's accreditation scheme.

Accreditation scheme	Elmhurst Energy Systems Ltd
Assessor's ID	EES/017195
Telephone	01455 883 250
Email	enquiries@elmhurstenergy.co.uk

#### About this assessment

Assessor's declaration	No related party
Date of assessment	13 October 2021
Date of certificate	13 October 2021
Type of assessment	► RdSAP

## Other certificates for this property

If you are aware of previous certificates for this property and they are not listed here, please contact us at <u>dluhc.digital-services@levellingup.gov.uk</u> or call our helpdesk on 020 3829 0748 (Monday to Friday, 9am to 5pm).

There are no related certificates for this property.
